Implementation of a Mobile Attendance Application 'Attendance Register' for marking of attendance by Members of Parliament.

The Hon'ble Members presently sign in physical register to mark their attendance when attending Parliament sessions. It is informed that a Mobile Attendance Application 'Attendance Register' for the Members of Parliament has been developed. This would facilitate a convenient way of marking of attendance within the Parliament House Complex using smart phones for the Lok Sabha sessions. The 'Attendance Register' App will be active only within the core area of Parliament House Complex and not in the peripheral areas. The physical register presently being used will also be available as a choice for Members.

The Members may download the Mobile 'Attendance Register' App using the following link:-

<https://parliamentofindia.nic.in/iosfile/iosmain.htm>

The Login User ID for the Application would be the same as that used for accessing the Members' Portal and the password would be provided to all the Members through email and SMS, which may be changed by them after initial logging in. The Members may press mark presence/exit tab and click their photo when prompted by the App. The App shows the photograph along-with time of marking at the bottom of the screen.

For any query in this regard, please contact at Tel. Nos. :23035029/23034561 and email ID: computercentre1ss@sansad.nic.in.
